Who is Veganic Magic

Magic is considered by some to be the practice of attempting to manipulate nature by the way supernatural forces

At Veganic Magic we have designed hydroponic and soil blends that draws from science and nature.

By making use of various methods of plant nutrient extraction such as bio-cycle fermentation and organic nitrogen cycling along with diverse but specific microbes that occur naturally in the soils across the western cape, plant based macro nutrients, micro nutrients and trace elements become available for uptake

The plant biomass used for our Hydroponic blends are sourced from farmers, restaurants, coffee shops etc in an effort to minimise food and vegetative waste build up in our landfills.

In our Veganic Magic Hydroponic Potions the plant extract effluent is then carefully infused with mined minerals creating a powerful blend of hydroponic nutrients that not only promotes explosive plant growth but contributes to a greener more sustainable future.

INFUSED WITH PLANT EXTRACTS

N6 P4 K2

Introducing Veganic Magic's growth spell

The first part of our 3 part Plant and mineral based hydroponic potions

By infusing 50% plant extracts with 50% mined minerals, Veganic Magic's growth spell brings forth the best nature has to offer, thus giving your plant the perfect blend of Nitrogen, Phosphorous, Potassium and trace elements required for explosive growth that will leave you spellbound

Plant extracts from the following plants are added:

- *Stinging nettle
- *Lettuce
- *Alfalfa
- *Tomato plants
- *Spinach
- *Strawberry plants
- *Basil
- *Coffee grinds

All plants used for extraction contain NO PESTICIDES

- NO ANIMAL DERIVATIVES are present in any of our products

Take comfort in the fact that when you use our #hydroponic nutrients or #soil amendments, you're not only growing healthy plants, fruits and vegetables but you're also contributing to a greener and more sustainable future.

Veganic Magic

FLOWERING ENCHANTMENT
INFUSED WITH PLANT EXTRACTS

N1 Ca1

Introducing Veganic Magic's flowering enchantment

The second part of our 3 part Plant and mineral based hydroponic potions

Flowers have always had a profound effect on the mind and body, at times enchanting the soul with its beauty and fragrance

Veganic Magic's flowering enchantment contains a special mix of plant extracts obtained from flowering plants infused with mined minerals to help strengthen the plant's cell walls in preparation for flowering

Veganic Magic's flowering enchantment must be used in conjunction with our Growth Spell

Plant extracts from the following plants are added:

- *Lupins
- *Roses
- *Tomato plants
- *Strawberry plants

All plants used for extraction contain NO PESTICIDES

- NO ANIMAL DERIVATIVES are present in any of our products

Take comfort in the fact that when you use our #hydroponic nutrients or #soil amendments, you're not only growing healthy plants, fruits and vegetables but you're also contributing to a greener and more sustainable future.

Introducing Veganic Magic's Fruiting Alchemy

The last part of our 3 part Plant and mineral based hydroponic potions

For thousands of years, Alchemists tried to convert various forms of matter into gold

The goal was simple: Create something valuable out of the invaluable.

At Veganic Magic we've accomplished this (no we haven't found a way to make gold... yet) but we've managed to take fruits and vegetables that would have gone to waste and extract the fertilizer-gold that lies within it.

The extract coming from mature fruits and vegetables mixed with a base formulation of MPK make for an amazing booster for those plants that have reached the flowering and/or fruiting stages.

Veganic Magic's Fruiting Alchemy must be used in the flowering and/or fruiting stages of your plants, in conjunction with Veganic Magic's Growth Spell and Veganic Magic's Flowering Enchantment

Plant extracts from the following plants are added:

- *Bananas
- *Potato skins
- *Apples
- *Tomatoes
- *Strawberries
- *Coffee grinds

All plants used for extraction contain **NO PESTICIDES**

- **NO ANIMAL DERIVATIVES** are present in any of our products

Take comfort in the fact that when you use our #hydroponic nutrients or #soil amendments, you're not only growing healthy plants, fruits and vegetables but you're also contributing to a greener and more sustainable future.

Veganic Magic

Introducing Veganic Magic's Fermented Plant Elixir

FERMENTED PLANT ELIXIR
FOLIAR SPRAY AND SOIL DRENCH

Veganic Magic Fermented Plant elixir

Veganic Magic's Fermented Plant Elixir is a fermented extract of plant sap and chlorophyll. It is rich in enzymes and microorganisms that may aid in promoting lush green growth

Introducing Veganic Magic's Root Charm

The Veganic Magic Root Charm has a base of bentonite clay that's been treated with our selection of microbes

Bentonite is a natural clay of volcanic origin mainly composed of montmorillonite silicate (hydrated silicate of aluminum, magnesium, calcium and sodium) this blend of earth and microbes may help in defending the plant against fungal diseases (such as Pythium etc) while promoting healthy and robust root growth.
